This study was inspired by the Topical Memory System developed by the Navigators in 1969. It is a compilation of scriptures to be used for ready reference in daily living. It is designed as a primer for the believer to grow deeper and get stronger in Christ. Hopefully it will also be a foundation for more in depth study of the Bible and key doctrines such as: Water Baptism, the Baptism of the Holy Spirit, the Gifts of the Spirit, Communion, Marriage, and the Covenant of Grace to name a few. Jesus Christ is the key to understanding the Bible and living God's way.

You will see that each of the eight sections have sub sections with key verses to be referred to, and if you like memorize.
